Hello There ✋
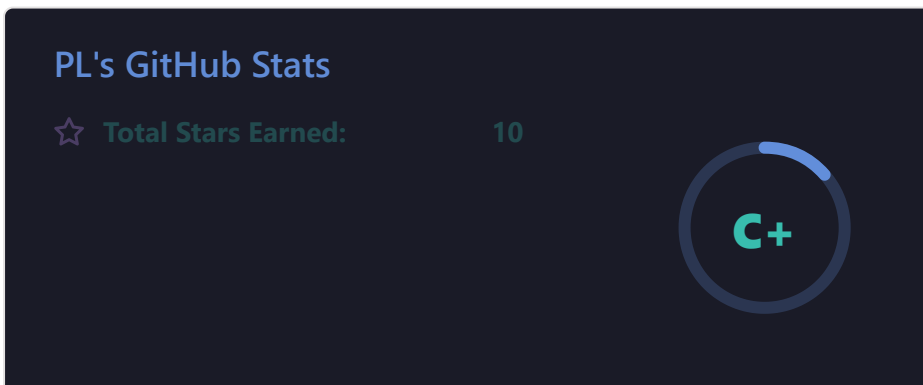

- 🏆 I'm currently learning artificial intelligence and it's applications to machine learning at the **University of Lille, France.**

- 🔭 **I am enrolled in the second year of the Machine Learning Masters degree with an apprenticehip @ SUDO Group in Lille**, where I will assist PhD. Chakib BELGAID in his research in sustainable AI (Green IT & FinOps) and generative AI (mostly LLM).

- 🖋 **I will be conducting my master's thesis on reinforcement learning applied to load-balancing in dynamic multi-agent environments.**

- 👯 I'm looking to collaborate on various research projects involving reinforcement learning and image analysis.
